

TECHNICAL DATA

General

Construction	Spring-loaded ball check valve		
Model type	VNR-133-M60-1/4B		
Nominal orifice	DN6		
Screw thread	Pipe thread G1/4(ISO 228)		
Ambient temperature	-20°C up to +60°C		
Medium temperature	-10°C up to +90°C		
Material	Valve body:	Brass Ms58, galvanically nickel-plated	
	Spring:	1.4310	
	Ball:	1.4401	
	Sealing material:	NBR (Buna N)	

Pneumatic - Hydraulic

Nominal pressure	PN16
Operating pressure range	0.2 up to 16 bar
Flow capacity [water m³/h]	0.9
Operating medium	Neutral gases or fluids that don't corrode the stated materials

2011	Date	Name
Drawn	11.02.	M.Grassinger
Checked	11.02.	H.Töpfl
